

# Pica Easy Off Wipes

## Marker Pen Remover

**Generally:**

Pica Easy Off is a marker pen remover specifically designed to remove marker pen graffiti without risking damage to the surface or the user.

**Use:**

Use Pica Easy Off on most types of non-porous surfaces such as metal surfaces (including aluminium), painted surfaces, polycarbon, plastic and glass.

**Directions for use:***Normal removal*

- Wet Pica Easy Off Wipes on graffiti.
- Let it work for 10-15 seconds. Then work the graffiti in circular motion.
- Wipe away graffiti.

*Difficult removal*

- Wet Pica Easy Off on graffiti.
- Wait approximately 3-5 minutes.
- "Work" the surface using circular motion with a Scotch Brite.
- Wipe away graffiti.
- Repeat if necessary. Make sure Scotch Brite is moist during removal.

**Solution to be used:**

Concentrate (pH 7).

**Estimated amount to be used:**

0,1-0,2 liter/m<sup>2</sup>.

**Personal protective measures:**

- Use protective gloves.
- Use safety goggles.

**Labelling:**

Signal Word: Warning
